Tabipower® C10 Dual

Next-gen smart charging USB-A/USB-C hub
for charging 10+ devices

State-of-the-art technology providing more security and durability to your devices!

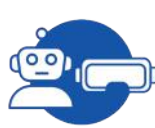

Power Delivery

Qualcomm Quick Charge

Smartphones | **Tablets** | **Laptops** | **VR headsets, robots, and more**

Strong points: a technology suitable for charging a large number of devices

Professional USB-A/C charging solution for mobile devices fleets

A compact and powerful USB-A/USB-C charging solution

Integrated into Naotic solutions or used in its standalone version, Tabipower C10 Dual offers a compact and powerful solution for quickly and safely charging all your USB-A or USB-C devices in large numbers.

Uncompromising compatibility

Naotic has made no compromises with its new generation smart charging hubs.
Tabipower C10 Dual integrates the 2 most recent fast charging protocols as well as the 2 types of connectors: USB-A and USB-C. By choosing Tabipower, you can optimally charge today's and tomorrow's devices!

No compatibility issues with Dual USB connectors
You benefit from full compatibility with all devices using USB-A or USB-C charging while enjoying the best charging performance!

Preserve your devices' battery lifetime
With Tabipower, the charging time is always as short as possible: no waste, less strain and longer lifetime for the batteries !

Automatically charge and protect all your devices
From smartphones to laptops, Tabipower detects the type of device connected to provide it with the right amount of power, in complete safety.

Charging status display
The LED indicators allow you to know anytime when your devices are charged

Made in France

3 YEAR WARRANTY

Certifications EN 62368-1 CE / Rohs
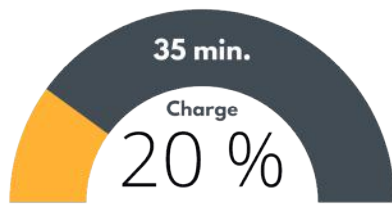

CSR — lucie — Naotic is committed

A Naotic solution for all sectors of activity concerned by digitalisation

Charge your devices even faster!

Tabipower C10 Dual delivers more power to Quick Charge (USB-A) or Power Delivery (USB-C) compatible devices without overstressing their batteries.
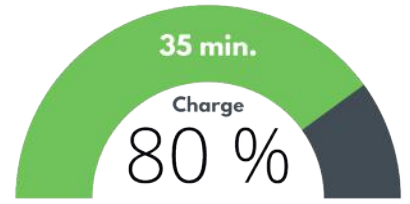

With Tabipower technology, your devices will charge up to 80% in less than 35 minutes under the most secure conditions!

35 min. Charge **20 %** Standard Charger

30 min. Charge **50 %** Tabipower® Naotic with Power Delivery compatible device

35 min. Charge **80 %** Tabipower® Naotic with Quick Charge compatible device

Description of the solution

- 10 Dual USB-A/USB-C connectors
- 2 charging protocols : Power Delivery and Quick Charge
- Scalable to up to 40 devices in simultaneous charging if integrated into a Naotic solution
- Fast and smart charging, with automatic charging stop for each connected device
- Coloured LEDs indicate the state of charge of each device
- Possibility of remote charging status display LEDs if integrated into a Naotic solution
- Self-regulated air fan system
- Overvoltage and overcurrent protection

  Option: tablets stand for the stand-alone version of the hub

Technical specifications

USB hub characteristics:

- Total power 250W or 450 W
- Connectors:
  10x USB-A ports
  10x USB-C ports
  3A max per port
- CE / RoHS standards
- EN62368-1 certification
  Dimensions (Ldh): 235 x 75 x 54 mm
- Weight: 425 g

Power supply specifications:

- Dimensions (Ldh): 220 x 95 x 46 mm
- Weight: 1.25 kg

A Naotic solution for all sectors of activity concerned by digitalisation
